

TERROR IN POLAND

"Open Revolt and the Bayonet Only Remedies"

FOR THE EXISTING EVILS.

Terrible Panic Spreading — General Massacre of Officials and of the Rich Expected at Russian Easter.

St. Petersburg, April 25.—The news from Poland paints a picture of veritable terror.

A letter received here reads:

"You know what happened at Warsaw, but you only know part of what is occurring throughout the country. All Poland is in a great conflagration of socialism, terror of which is everywhere exciting a terrible panic. We expect at Easter a general massacre of the Russian government officials and the wealthy, and the blowing up of the Vistula bridge to prevent the arrival of troops from Russia."

"The police are doing nothing. They pretend to be blind and deaf to what is passing around them. The existing regime is the cause of discontent, which is on the increase among the idle workmen, who have been driven from the factories and railroads because they are Poles. They say they will have vengeance."

A letter from Vilna says:

"Work is impossible under the existing conditions. The governments endless commissions have accomplished nothing, and the landlords, workmen, and peasants are convinced that open revolt and the bayonet are the only remedies. Easter may witness the inauguration of another insurrection like that of 1863, which began, as this may, with a Russian massacre."

Commenting on the above, the Russ declares the government must act promptly if awful carnage is to be avoided. The only thing to be done, it says, is to summon the moderates to give guarantees that the promised reforms will be realized.

NEW PEACE RUMOR.

St. Petersburg Hears That the United States Is the Intermediary.

St. Petersburg, April 25.—Mysterious rumors that another attempt at peace negotiations is impending are circulating in high quarters and the United States is directly mentioned as the intermediary.

The Associated Press has not been able to obtain any confirmation of the reports. No intimation of such a move has reached the American embassy, but at the foreign office this afternoon an official inquired, perhaps significantly, when President Roosevelt would return to Washington.

As previously stated in these despatches a considerable party in the government holds strongly to the opinion that the present time would be the most opportune for opening negotiations, inasmuch as Rojstevsky is now ready to strike.

CHICAGO IN EARNEST.

Mayor Dunne and Citizens Want Gas Works Municipalized.

Chicago, Ill., April 25.—Agitation in earnest to establish municipal ownership of gas works as well as street railways here was inaugurated yesterday by a public meeting in the city council chamber.

Mayor Dunne and members of the Legislature met 50 citizens, whom the mayor appointed as a committee to go to Springfield to protest against the sidetracking of Chicago gas legislation.

CONCERT PROGRAMME.

The programme of the concert for the Boy's Club Benefit, at the Opera House, April 26, is as follows:

- PART I.
- Overture—"Merry Wives of Windsor".....Nicolaï Wilder Festival Orchestra

During the intermission between Parts I and II the following boys will give an exhibition of their work: McKnight, Turner and Cummings, juggling and acrobatic feats; Venner and Maiden, trapeze work.

The Everett piano is used at this concert and kindly furnished by Mr. Wilder.

Admission 25c and 35c.

Catarriets Dyspeptics

CRIME NOT INCREASING.

Three Years of New York County Summarized.

New York, April 25.—Although the population of the county of New York has increased 140,870 during the past three years there has been no proportionate increase in crime, according to the annual report of the district attorney's office. The average number of prisoners charged with felony who were confined in the city prison during the last three years was 176. This is the lowest average on record. The number of indictments and complaints disposed of during the year 1904 was 5,039. Forty-nine per cent resulted in pleas of guilty. A little over twelve per cent of the prisoners were convicted by verdict. About seventeen per cent were acquitted. The classified list of convictions during 1904 shows a startling preponderance of male criminals. Only 169 women were convicted, as against 2,977 men. Of the 169 females, 126 were found guilty of larceny, and three of manslaughter.

MAN'S INSANE FREAK COST HIM HIS LIFE

New Jersey Man Broke Off Gas Pipe and His Wife Entered the Room With a Lamp.

Newark, N. J., April 25.—An explosion of illuminating gas from a broken pipe yesterday wrecked the home of Charles Koch, a machinist, and set fire to the house, causing the death of Koch and probably fatal injuries to his wife. While supposed to be temporarily insane Koch broke the pipe in his dining room, and when Mrs. Koch entered that room with a lighted lamp there was an explosion which blew off the roof of the house. Neighbors rescued Mrs. Koch after she was badly burned, but Koch was burned to death.

HEALTH OF PANAMA.

Encouraging Report in Canal Zone from Col. Gorgas.

Washington, April 25.—Secretary Taft has received the report of Col. Gorgas, in charge of the sanitation of the canal zone for the month of March, from Gov. Davis, by cable, as follows:

"Gorgas' health report for March shows steady improvement. End of March employees were about 9,000; sick in hospitals 153; total deaths 11. Equals rate 14 per thousand; favorable everywhere. In the last thirty days to date four cases yellow fever throughout the whole isthmus, of which one was in Panama. In previous thirty days twelve cases. Each house in Panama has been fumigated; a great many several times."

BEAVERS MUST GO.

U. S. Supreme Court Orders Mandate to Issue Against Him.

Washington, April 25.—The supreme court of the United States yesterday directed the immediate issue of the mandate against George W. Beavers, who removal from New York to Washington for trial on the charge of defrauding the government as chief of the salary and allowance division of the postoffice department has been ordered. In the case of John A. Benson, indicted here on the charge of fraudulently appropriating public lands, the mandate was ordered to be stayed for one week. In the latter case notice was given of a motion for a new trial.

BIG DIAMOND ROBBERY.

Chicago Apartments Entered and the Occupants Bound.

Chicago, Ill., April 25.—Three men gained entrance to the apartments of Mrs. D. Gilmore in Twentieth street, and at the point of revolvers robbed Mrs. Gilmore and Edward Giroux of \$2,500 worth of diamonds.

The robbers then bound their victims, thrust them into a closet, locked the door and departed. Gilmore kicked out one of the panels in the door and tried to crawl through, but the opening was too narrow. Another panel was then broken, and Mrs. Gilmore crawled through. She secured a duplicate key and released Gilmore.

About \$5,000 worth of jewelry sought by the robbers was overlooked.

STATION BURNED.

Boston & Maine Structure at South Fairlee Destroyed Yesterday.

South Fairlee, April 25.—The Boston & Maine railroad station here was burned yesterday together with considerable freight and the household effects of Fred C. Wheeler, the station agent, who lived in a tenement over the station rooms. Harry Barber, a section hand, was seriously injured while fighting the flames by being struck on the head by a flying brick hurled in the air by the explosion of the heating apparatus. It is believed he will recover. The fire is supposed to have been caused by the falling of a stove pipe. The loss will not exceed \$5,000.

Try at our Expense

Only a confidence based on positive knowledge that in Cal-cura Solvent, Dr. David Kennedy's latest medicine, we have a most wonderful remedy for kidney diseases, stone in the bladder, and liver troubles, would warrant us in urging you to try the remedy at our expense. Get a bottle today, with our absolute guarantee to refund the money if Cal-cura Solvent does not help you. It removes the cause of kidney irritation and disease, by dissolving and expelling from the system all stone, gravel and uric acid. We are justified in making this offer because its record of cures is nine out of every ten cases where it is used. It is not a patent medicine, but a prescription used in Dr. Kennedy's private practice with unending success. Write to The Cal-cura Co., Kingston, N. Y., for a free treatment bottle.

E. A. Drown, Barre, Vt.

CHAMPS AGAIN WIN GAME

Defeat Husky Athletics by a Score of 3 to 1

BROOKLYN LOSE TO BOSTON

All Scheduled Games for Yesterday Played — Luck Seems to Have Turned for Boston Americans.

Boston, April 25.—The winning gait struck by the Champions Saturday continued yesterday afternoon when they walloped the Athletics again, this time by a score of three to one. Inability to hit Tannehill was the cause of the visitors' second downfall. They got but three hits off the Boston pitcher, who played a superb game, being steady and striking out five men. Plank was his opponent in the box, and he was not quite so good. There were about 8,000 people out to see the game.

Boston really won the contest in the first inning, after Burkett had gone out easily. Parent got hit with the ball. Selbach then tripled and Parent walked in. Collins nearly broke Plank's ankle with a terrible sock and Selbach went in, the ball bounding to the first base bleachers. Freeman and Lachance were easy outs.

Boston's third run came in the fourth inning. Lachance got a base on balls. Ferris fanned. On McGovern's out at first Lachance went to second, scoring a minute later on Tannehill's single over second base. The only tally for the visitors was in the eighth. Murphy singled and Knight fanned. Bowers fled to Burkett and then Tannehill fumbled Plank's easy grounder. Murphy advanced. Hartset singled and Murphy scored. Hartset tried to steal and Boston's new catcher, McGovern, caught him off by feet and he was run down between the bases.

Score by innings:

	1	2	3	4	5	6	7	8	9
Boston	1	0	2	0	0	0	0	0	3
Philadelphia	0	0	0	0	0	0	0	1	0

Hits—Boston 5, Philadelphia 3; errors—Boston 1, Philadelphia 0.

NORTHERN LEAGUE UMPIRES.

Appointed by President, Recommended by Four Vice Presidents.

Burlington, April 25.—The officers of the Northern League met at the Van Ness House yesterday afternoon to talk over the question of rules and by-laws for the coming year. Those present were George K. Jarvis, president; S. J. Beatty, secretary and treasurer, and Vice Presidents L. H. Greene of Montpelier, W. L. Davis of Rutland, F. Henry Parker of Burlington, Plattsbury and several other representatives from Barre, Montpelier and Burlington.

The committee who were appointed at the last meeting to submit a revision of the league rules and by-laws stated that they had not prepared a report. So the rules of last year were taken up one by one by the meeting and revised after much discussion. The motions made at the previous meetings regarding salary limits, etc., were of course embodied in the new by-laws. One important change made was that of the section in the by-law which relates to umpires. According to the new rules the president of the league shall appoint two umpires who shall have been unanimously recommended by the four vice presidents. Their salary shall not exceed \$25 per week which shall cover all expenses except car fares. An umpire shall be summarily discharged upon written protest of three vice presidents.

Respected Woman of Richmond.

Richmond, April 25.—Mrs. Johannah Casey passed away at her home Sunday morning, aged 59. She suffered a shock of paralysis some time ago and never fully recovered from it. She was a kind, good-hearted Christian woman. A husband, three daughters and four sons and two brothers survive her. The funeral is to take place this morning at the church of Our Lady of the Rosary at 9 o'clock.

GOOD ADVICE TO SICK WOMEN

Mrs. George A. Hess Has Had Sufficient Experience to Give Advice.

"Just let me tell you what Rexall Mucu-Tone did for me," writes Mrs. Hess of 96 Brown Place, Jersey City, N. J., to the Red Cross Pharmacy.

"For five years I had been growing more and more feeble. I was weak, run down and nervous, suffered with pain in my back and side constantly, and was unable to obtain any relief whatever. It seemed as if my cup of trouble was already full when I was overtaken by catarrhal bronchitis and for five weeks was confined to my bed."

"Nothing seemed to help me, and I was in deepest despair when a neighbor advised me to try Mucu-Tone. From the first dose I experienced relief. I succeeded in breaking up the attack completely within twenty-four hours, and at the end of a week I felt like a new woman. Today I am in perfect health; something I have not known for years. I therefore feel safe in advising all women who are nervous and broken down to buy a bottle of Rexall Mucu-Tone and take it as directed."

"Mrs. Hess' letter literally describes the ailments that many people in our own community are suffering from," said Mr. Wells of the Red Cross Pharmacy. "If you have these symptoms it means that some part of your system has been attacked by catarrh. One after another the organs become deranged, the liver and kidneys are no longer able to purify the blood, and the heart becomes affected; sleeplessness, melancholia and despair follow. You grow weak and haggard, have pains in the back, under the shoulder blades, and bearing down pains in the abdomen. You have probably thought that you are merely run down and need a tonic."

"Yes, you are run down, you do need a tonic, but you need more than a tonic, you need a remedy that will clean the mucous membranes. Rexall Mucu-Tone does that. No matter how slight your weakness or depression you need Mucu-Tone. No matter how bad your catarrh, Mucu-Tone will quickly cure it."

"Our confidence in Rexall Mucu-Tone is based on the knowledge of what this remedy has done in thousands of cases. We know it will benefit you. If it doesn't you come to our store and we will refund you the purchase price. We are putting out trial bottles on this guarantee at 50 cents." Red Cross Pharmacy.

LOWER STILL.

May Wheat Dropped to 92½ Cents — Was \$1 on Saturday.

Chicago, Ill., April 25.—A back-sawer was performed by May wheat yesterday. The option promptly started this morning with a repetition of last week's sensational acrobatics. Some of the first trades showed a fall of 4 cents a bushel, the price opening at 96 to 98 cents as against \$1 at the close on Saturday.

After the initial plunge the price for May rallied to 97½. If the selling was from representatives of John W. Gates, it was well disguised, the market presenting the appearance of a general bearish attack, rather than an attempt to further liquidation of holdings.

P. A. Valentine of Armour & Co. was generally credited with buying considerable May wheat while the quotations were between 96 and 98. To this was attributed the recovery. Fresh selling, however, from outside sources soon founded the market down worse than before. It was not long before the current figures for May were 92½, a net loss of 6½ cents a bushel compared with Saturday's close. At 92½ the market showed a fall of nearly 30 cents from the point at which the Gates party were supposed to be in full control of the deal some weeks ago.

Before midday another cent was clipped from the price of May wheat, sales being made at 92½ cents a bushel. On the slump Armour & Co. were reported to have bought in as much as 1,000,000 bushels of the May option.

HYDE WAS READY.

But Counsel for the Equitable Did Not Appear in Court.

New York, April 25.—Counsel for the Equitable Life Assurance Society evidently changed their minds about appearing before Justice Maddox in the supreme court, Brooklyn, to object to certain references to President Alexander in the petition filed by Samuel Untermyer as counsel to Mr. Hyde in the injunction suit of F. B. Lord.

Mr. Untermyer was in court when Justice Maddox came upon the bench at 10:30 o'clock yesterday, but the other side, against whom he was prepared to argue, put in no appearance. Mr. Untermyer said that no formal notice of objection by counsel for the Equitable had been served upon him.

Mr. Untermyer stated to Justice Maddox that it was his intention to formulate an application for an amended petition, but he would not say later what the character of the amendments would be.

As the court had not received the Alexander petition there was no hearing.

MILLION AND HALF SHORT

Defalcation by F. G. Bigelow of Milwaukee

LOST ALL IN SPECULATION

Bigelow President of First National Bank of Milwaukee and Former Head of American Bankers' Association.

Milwaukee, Wis., April 25.—It is charged that Frank G. Bigelow, president of the First National Bank of this city and former president of the American Bankers' Association, has defaulted the bank's funds to the extent of \$1,500,000. The directors of the bank have deposited in the bank a sum sufficient to make the institution perfectly solid. Mr. Bigelow has not yet been arrested.

The capital of the First National Bank is \$1,500,000, and the surplus is \$1,700,000. Mr. Bigelow has signed over property to the bank amounting to \$300,000, making his net defalcation about \$1,200,000. Aside from the surplus, which will meet the amount of the defalcation, \$1,635,000 has been subscribed by directors to meet any demands which may be made on the bank, whose aggregate wealth is over \$20,000,000.

The comptroller of the currency has been asked to make an immediate examination of the bank. Mr. Bigelow admitted yesterday that the amount had been lost in speculation, and that he had falsified the books to cover up the defalcation. Henry G. Goll, assistant cashier of the bank, has been removed, charged with having been a party to the falsification of the figures in the bank's books. A notice has been issued by the directors announcing that a sum has been subscribed sufficient to protect the depositors.

Mr. Bigelow was in his office at the bank as usual up to noon yesterday, looking over books and papers. He seemed greatly agitated. Arrangements are being made for the arrest of Mr. Bigelow and probably Mr. Goll. Mr. Bigelow has long occupied a foremost place in financial and social affairs in Milwaukee. Up to noon the defalcation was known only to a few, as it was realized that the news was likely to create consternation among the depositors when it became generally known; ample provision was made to meet any emergency.

An intimate friend of President Bigelow said:

"Wheat speculation has cost the Bigelows their name and the bank a large sum of money. It is a family tragedy as well as a tremendous shock to the financial circles of the city. The father, Frank G. Bigelow, had Chicago speculative conditions with the firm of Tracy & Co., in which his son, Gordon Bigelow, was a member. In the sharp fluctuations of the wheat market which have come during the last few days the Bigelows, Sr., and the Bigelows, Jr., were caught and caught for all that the bank directors now report."

Several prominent Chicago bankers were called to Milwaukee in conference with the directors of the First National Bank and promised to lend any assistance which might be needed. Among the visiting bankers in conference were E. H. Hamill of the Corn Exchange National Bank; James D. Forgan, of the First National Bank; and Orson Smith of the Merchants' Loan & Trust company's bank, all of Chicago. A million and a half dollars was received from Chicago at one o'clock in the afternoon. At that hour the news of the defalcation had spread to such an extent as to cause a run on the bank. The crowd which gathered numbered about 200 and blockaded the sidewalk in front of the bank. Those who seek to withdraw their funds, however, are the small depositors, and they are being paid off as rapidly as they make the demands. There has been no great demonstration so far, the depositors acting calmly. Several policemen have been detailed to maintain order. There has been no excitement at any of the other banks.

UNTAINTED TO MEET.

To Organize Against Accepting Any More Rockefeller Cash.

Boston, April 25.—An important meeting of the Congregational clergy who objected to the acceptance of the John D. Rockefeller gift of \$100,000 to the Board of Foreign Missions will be held in Boston on Wednesday of this week, when they will plan to stop future acceptances of Rockefeller money by any of the faithful.

Dr. Washington Gladden is coming all the way from Columbus, Ohio, to participate and many other churchmen high in the Congregational denomination will be present. Among those who will attend are Dr. Raymond Calkins of Portland, Me.; Dr. Glenn Atkins of Burlington, Vt.; Dr. Artemus A. Haines of New Haven, Conn.; and Dr. P. S. Moxon of Springfield. The Rev. Herbert W. Gleason, secretary of the Committee of Twenty, which directed the recent protest, sent out the call for the coming meeting.

The conference will be behind closed doors and, although the programme will include the laying of plans for an extensive campaign among church people against accepting from Standard Oil or similar sources, it is hinted that action will be asked in regard to an anticipated new gift. It is said that a Congregational association, not the American Board, has been soliciting a donation from Mr. Rockefeller, and that the Standard Oil magnate has practically consented to contribute an amount compared with which his previous gift is a mere flea bite. And it is believed that Wednesday's meeting has been called largely for the purpose of formulating some action that will forestall the acceptance of the donation.

INTERESTING FACTS

A FEW REMARKS BY AN OBSERVER

"It seems strange to me," remarked a prominent physician the other day, "why so many people make light of what is, in many respects, one of the most dangerous of diseases—Grip. Scores of people whom I know seem to regard this deadly malady as a joke or call it fashionable."

"Possibly there is no disease that is as far-reaching in its effects as this same 'fashionable' Grip. Fashionable indeed! When I stop to think of the appalling results of Grip that have come under my observation it makes me shudder. Would you consider it 'fashionable' to have a weak heart, affected lungs or impaired eyesight? Would it be a joke to spend the remainder of your days in an insane asylum? These are not mere fancies; they are pictures drawn from life showing the awful results from Grip. Of course all persons suffering from an attack of Grip are not left with these afflictions, but I have yet to discover a person who has had this disease who has not been left with some portion of his system weakened. It is this weak spot that is susceptible to every unhealthy influence that comes along. The best way to prevent Grip is to keep the system in such good condition that it will throw off any tendencies toward this prevalent disease."

The best way to fortify yourself against Grip is to take Magee's Emulsion. It gives you the strength and vitality necessary to stand changeable weather, and can always be depended upon. It is a nutrient of the highest value, and after a period of low vitality it puts hope into the patient and makes life worth living. It replaces the wasted tissues and holds all gains.

Magee's Emulsion is a pure cod liver oil, combined with Malt Extract and Hypophosphites of Lime and Soda. Cod Liver Oil has long been recognized by the medical profession as the best remedy for Bronchial and Pulmonary affections and in Magee's you get the pure article in combination with the Malt and Hypophosphites. Solid Malt Extract such as is used in Magee's Emulsion is non-alcoholic, and is regarded by physicians as the highest form of food. You thus get a food, a medicine and a tonic combined. Magee's Emulsion is the greatest flesh builder and invigorator known. It strengthens the weak and imparts vitality to the most delicate invalid. Don't delay—it's dangerous; start taking it today.

Beware of the wine preparations. They are only artificial stimulants and the reaction which follows their use leaves you in a worse condition than before. There is only one Magee's Emulsion and it contains no whiskey—no wine—just food.

You may be procured of E. A. Drown, Druggist, Barre, Vt.

ONE SULKY, OTHER PLEASANT.

Williams, Charged With Murder, and Trembley Convicted of Manslaughter.

Burlington, April 25.—Benjamin Williams, under indictment for the murder of policeman McGrath and who was recently ordered taken to the Insane Asylum at Waterbury to be observed as to his sanity, and Louis Trembley sentenced yesterday to the State's Prison at Windsor for the manslaughter of Louis Lamoreux, have been taken to the respective institutions destined to be their abode for some time to come. Sheriff Horton took Trembley to Windsor, and Deputy G. W. Kelley took Williams to Waterbury. The latter still keeps up the sulky appearance which has characterized him for some time past. He does not want to be shaved or have his hair cut, and seems to prefer his sulkiness.

Trembley, on the other hand, was well dressed and neat and clean in
